

07-CK-275

Court 1- element 2

to meet the definition of fleeing from Federal, State or local law enforcement agents, do the agents have to be on "hot pursuit"? that is, can a defendant "flee" from agents who may be sitting in an immigration checkpoint, or can one only "flee" from an agent who ~~is~~ the defendant would reasonably know is pursuing you in a vehicle, on foot, or by some other obvious means
